

CARE COMPASSION CONNECTION – May 2023

Dear Patrons and Friends

May this letter be a reminder of the positive outcome you help deliver in a time of crisis. Please accept our sincere gratitude for your generosity.

On behalf of the board of trustee directors, I am delighted to inform you of the good news that the Foundation has distributed a total of over \$1.24 Million to CanRevive Inc in the last 10 years, over \$1 million in the last 6 years. These funds came entirely from the investment income derived from your donated funds.

CanRevive can provide cancer support service with facilities, skilled staff, and resources because of your generous support over the years. Our volunteers use their expertise and experience to help others.

The Foundation is now on its second fundraising target of \$5 million. Upon reaching this second mark, it is hoped that CanRevive will be financially independent.

You can help by:

1. Donating to CanRevive regularly as you have done in the past.
Your support is helping people with cancer directly, right now.
2. Making a Thanksgiving gift when you have a windfall gain; or a milestone celebration.
3. Leaving a Gift in your Will to CanRevive Cancer Foundation.
Your legacy will perpetually benefit those affected by cancer.

It is the perfect time now, and before 30 June 2023, to make your tax-deductible donation.

Thank you for your care and compassion.
